I will start off by saying this heifer is the best female we have ever raised according to the cattle industry today. As a two-year-old she lost her calf but is raising two calves to sale time and one calf will sell with her. She has what we call nearly as good an udder as you will find on a beef cow. I think this heifer would do anyone a lot of good. We would like to retain show rights to this heifer for the Alberta Provincial show in Vegreville (August) and for Farm Fair in Edmonton this Fall. She sells open or will bring her back and breed her to our new bull Altriene Leader 26C. Sire of the champion at Lacombe this year. The calf that will sell with her is out of Lodge Pine White Cloud and out of a Raydur bred cow.
